

Regional Air Travel Advocacy

District Council of Grant and City of Mount Gambier will submit a joint motion regarding regional air travel for consideration within the agenda for the Australian Local Government Association National General Assembly to be held in June 2025.

The motion calls on the Federal Government to:

- Increase targeted investment in operational aspects of regional airports to support ongoing usage of essential infrastructure and long-term viability.
- Introduce strategies which result in fairer airline pricing policies, encourage competition and reduce airfare disparities.
- Establish frameworks that safeguard regional flights, frequencies and reliability.
- Expand regional aviation support programs ensuring that communities reliant on air travel are not left behind.

"This motion acknowledges the role of local government in operating airports across regional Australia as critical community infrastructure. It highlights the financial pressure to meet regulation, maintenance and upgrade requirements. The motion also details the inequality in regional passenger fares, service frequency and reliability and the liveability implications for regional Australians," District Council of Grant Mayor Kylie Boston said.

"Air travel is a critical lifeline for regional Australia, connecting communities to essential services, economic opportunities, and social networks. Our local people and other regional Australians often rely on limited aviation services as their only viable means of safe, timely, and efficient long-distance travel."

More information about the joint motion can be found on page 5.

Council Decisions

Coastal Adaptation Working Group

At the Ordinary Council Meeting held on Monday 17 March 2025, Council endorsed in principle the establishment of a Coastal Adaptation working group, with the Pelican Point / Carpenter Rocks Community subject to a subsequent report presenting terms of reference for Council consideration.

In the first week of March, two Coastal Adaptation community workshops were held, one at Port MacDonnell and the other at Carpenter Rocks. At the Carpenter Rocks meeting it became apparent that a need for ongoing local community engagement will be required, with particular concern at Pelican Point to navigate the complex coastal issues.

Next Council Meeting: 5:30pm Wednesday 23 April 2025 in the Council Chambers at 324 Commercial Street West, Mount Gambier.

Visit Council's website at www.dcgrant.sa.gov.au for full Council meeting reports and minutes.

Flashback

Youth Week Event at Port MacDonnell Skate Park | April 2006

Out and About with Council

Coastal Adaptation Strategy Community Workshops

The District Council of Grant has undertaken a joint Coastal Adaptation Plan project with District Council of Robe and Wattle Range Council to identify coastal hazards and risks associated up to 2100, evaluating potential adaptation options and pathways for implementation.

Council, with the assistance of FSC Range, will be hosting a series of workshops to present coastal erosion and inundation studies to District Council of Grant coastal communities for review and develop adaptation strategies for future implementation.

The first round of workshops occurred on Tuesday 4 March 2025 at the Port MacDonnell Community Complex and Wednesday 5 March 2025 at the Carpenter Rocks Community Hall.

Further workshops will be held in May 2025 to present and review a Draft Coastal Adaptation Plan, followed by broader community consultation.

German Club Visit

Mayor Kylie Boston and Mr Tony Pasin MP visited the German Club on Wednesday 12 March 2025.

They toured the Club's facilities and recently upgraded kitchen, and spoke with club representatives about their facility upgrade plans.

Parliament House Visit

Mayor Kylie Boston attended the South Australian Parliament House where the Hon Frank Pangallo MLC introduced legislation that will require electricity generators to pay fair councils rates.

The Bill will amend provisions of the *Electricity Corporations (Restructuring and Disposal) Act 1999*, and the *Valuation of Land Regulations*, which prevent councils charging fair rates on land used for electricity generation and electricity storage.

More information about the Bill can be found on page 3.

Mayor Kylie Boston is pictured below with Local Government Association President Mayor Dr Heather Holmes-Ross.

Removing rates holiday for energy companies will lower bills for regional South Australians

LGA South Australia welcomes the move from the Hon Frank Pangallo MLC to introduce legislation that will remove a 25-year rates holiday for electricity providers and remove unfair cost burdens being put on regional South Australians.

An independent Equitable Rating of the Energy Sector report published earlier this year found SA councils face a financial disadvantage compared to those in Victoria and Queensland, due to outdated State Government legislation preventing them from properly rating electricity generating companies.

As a result, these corporations receive huge discounts and don't contribute their fair share to SA's regional communities, meaning local residents and businesses are subsidising for-profit companies to the tune of millions of dollars.

The proposed *Statutes Amendment (Rates-Electricity Generation) Bill 2025* put forward by Mr Pangallo would close this legislative loophole, with independent analysis showing regional families, single homeowners and local businesses in some regional councils could pay up to 5% less on their rates bill as a result.

LGA South Australia President, Mayor Dr Heather Holmes-Ross said the timing was right to remove outdated rate exemptions, as doing so could provide much-needed cost of living relief to regional people doing it tough.

"In many cases, the biggest energy companies aren't even based in South Australia – they're often interstate or overseas – yet they're effectively taking money out of the pockets of hardworking local families or businesses who are already struggling to make ends meet in the current economic climate," Mayor Holmes-Ross said.

"That's money that could be used to put downward pressure on rates and provide much-needed cost of living relief for ratepayers,"

"Unfortunately, it's the regional parts of our state that are the worst impacted as this is where the disproportionate number of electricity generating infrastructure is located, due to land availability. It's also regional councils that foot the bill to repair any roads damaged by heavy vehicles carrying cranes and equipment needed to install large energy infrastructure, such as wind turbines or solar panels,"

"We strongly support the growth of green power – through solar, wind and emerging renewable technologies – as an essential step in meeting net zero targets,"

"However, the renewables transition should also deliver tangible benefits to regional economies by ensuring large energy companies contribute their fair share through rates,"

"Multi-national energy companies making huge profits have had a rates holiday for 25 years and there is no justification for this discount. There is no reason everyday ratepayers should be left to cover the shortfall,"

"LGA has been working closely with the Hon Frank Pangallo MLC for more than 12 months on this issue and we're pleased to see the introduction of his Bill, which we hope will be supported by Parliament,"

Today, energy companies avoid paying an estimated \$6.28 million in rates revenue to regional councils every year, at the expense of communities.

The Australian Energy Market Operator anticipates electricity generation in SA – off the back of the State Government's recent renewables commitment – could increase by nearly 500% over the next decade in a best case 'green energy exports scenario'.

Should this happen, councils and communities could miss out on more than \$26 million of rates revenue annually by the year 2031-32 if the current legislation for electricity generators is not improved.

Draft Plant, Fleet and Transport Asset Management Plans

Background

Asset Management Plans assist Council in managing infrastructure and other assets across the district meeting an appropriate and sustainable service level. They detail the actions Council will take to develop, operate, maintain, upgrade and dispose of assets in the most cost-effective manner.

Asset Management Plans are a key component of the Council's strategic planning documents as outlined in Section 122 of the *Local Government Act 1999*. They are designed to align with Council's strategic goals and contribute to informing the Annual Business Plan and Budget planning process, Long-Term Financial Plan, strategic plans, work programming, asset valuations and depreciation projections, and ongoing analysis, monitoring and evaluation.

Each Asset Management Plan focuses on a specific type of assets and infrastructure:

- Transport: Transport networks including roads, kerb and gutter, footpaths and carparks
- Plant and Fleet: Comprises commercial vehicles, passenger vehicles, heavy vehicles, heavy plant, light plant and trailers

Asset Management Plans go on to inform the annual budgeting and planning, strategic plans, work programming, asset valuations and depreciation projections, and ongoing analysis, monitoring and evaluation.

Find out more

- Read the Draft Asset Management Plan summaries available on Your Say DCG
- Review the complete Draft Plant and Fleet Asset Management Plan and Draft Transport Asset Management Plan on Your Say DCG

Have your say

The District Council of Grant are inviting you to submit your feedback on the Draft Asset Management Plans (Plant and Fleet, and Transport) and the proposed works.

Feedback can be submitted by:

- Completing the online feedback form below
- Emailing info@dcgrant.sa.gov.au
- Writing a letter or completing a hard copy feedback form address to the District Council of Grant, PO Box 724, Mount Gambier SA 5290

Hard copies of the Draft Plant, Fleet and Transport Asset Management Plan and feedback form are available at Council's Principal Office at 324 Commercial Street West, Mount Gambier.

Feedback will be accepted until 5:00pm Tuesday 1 April 2025.

Next steps

Feedback will be reviewed by Council staff and amendments will be made to the Plans, where appropriate. A final Fleet and Plant Asset Management Plan and Transport Asset Management Plan will be presented to Council for endorsement at the Ordinary Council Meeting scheduled to be held on Wednesday 23 April 2025.

Once the Asset Management Plans are approved, the financial values estimated will be transferred to Council's Long-Term Financial Plan to forecast future costs and budgets.

Mount Gambier Regional Airport

Regional Air Travel Advocacy Continued

Grant and City councils worked together to draft the motion informed by the Federal Government's Aviation White Paper: Towards 2050, the Australian Airports Association Taking Flight report, the Mount Gambier Regional Airport Master Plan 2025 - 2035, public advocacy statements provided by the Local Government Association South Australia and the City of Mount Gambier's 2024 - 2028 Strategic Plan and Mount Gambier 2035 Community Vision.

"Air connectivity in regional areas is so important, but it is fragile. I am sure many people can attest that we are often subjected to comparatively high fares, limited flight frequency, difficult onward connections and service reliability challenges," City of Mount Gambier Mayor Lynette Martin said.

Findings from the Towards 2050 Aviation White Paper reported a collective view that regional aviation fails to serve the community's needs.

"The paper highlights that the average ticket price per kilometre is 52 per cent higher for return flights to or from a non-capital city than return flights between two capital cities. These costs make air travel unaffordable for many people living in regional areas, and disproportionately impact those with no viable alternatives, such as patients seeking critical medical care," Mayor Martin said.

"We are calling for a national strategy that addresses these barriers and ensures affordable, reliable air access for all," Mayor Boston said.

Aviation services are vital to the visitor economy, connecting tourists to regional destinations that showcase Australia's diverse landscapes and heritage.

"Without improved air access, tourism potential and the visitor economy will be constrained. This motion aligns with our shared advocacy commitments to support the sustainability and ongoing improvement of air travel to and from our region, highlighting its direct contribution to liveability, our economy and our access to critical services. Mayor Martin said.

"A proactive approach to federal funding and regulation will help future-proof regional aviation, supporting the communities, like us, that depend on it," Mayor Boston said.

Funding for Airport Screening

At the District Council of Grant's Ordinary Council Meeting held on Monday 17 March 2025, it was resolved to lodge separate motion seeking support from the Australian Government to fully fund any security screening or technology upgrades that are required by legislation to be implemented at regional and rural council-run airports.

The motion will be submitted and be considered at the Australian Local Government Association Nation General Assembly due to be held in Canberra in late June 2025.

This motion aligns with the Mount Gambier Regional Airport Master Plan 2025 - 2035 which details Council advocacy for the following key initiatives:

- Security screening to be fully funded by the Federal Government;
- Continued support for regional air transport; and
- Continued funding for regional airport infrastructure and upgrade works particularly given the increasing size of airport servicing regional air transport.

Port MacDonnell Community Complex

Gallery Exhibition Opening & April School Holiday Craft Program

Gallery Exhibition Opening

At the start of February 2025, the Community Complex welcomed its newest exhibition into the Gallery; *Holdfast*.

Holdfast showcases artworks from many local artists and aims to increase awareness and education at a local level of the importance of Algae (seaweed) on the Port MacDonnell (Ngaranga) coastline, highlighting the diverse value that algae has in marine ecology and community.

School Holiday Craft Program

The Port MacDonnell Community Complex will be hosting another Holiday Craft Program for children during the April school holidays.

Activities commence on Monday 14 April 2025 with yarn wrapped leaf cards. Easter inspired crafts will occur over the Easter long weekend with Anzac biscuit making the following week. The Program will conclude on Sunday 27 April 2025 with Mother's Day flower making.

Please note the Port MacDonnell Community Complex is closed on:

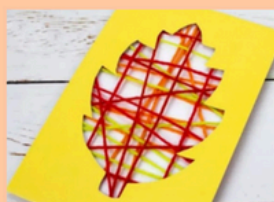

- Good Friday, 18 April 2025
- Anzac Day, Friday 25 April 2025

Below is the complete Holiday Craft Program.

PORT MACDONNELL COMMUNITY COMPLEX HOLIDAY CRAFT PROGRAM

WEEK 1

Mon 14 & Tues 15 April

Yarn wrapped leaf card

Wed 16 & Thurs 17 April

Noodle Monsters

**Easter Weekend
Sat 19 to Mon 21 April**
Closed Good Friday

Easter crafts

Story Time Tuesday 15 & 22 April at 10:30am

WEEK 2

**Tues 22 & Thurs 24
April
ANZAC craft**

**Wed 23 April
ANZAC Biscuits**

Bookings Required

10:00am to 11:30am
Call (08) 8738 3000 to book

**Fri 25 April
ANZAC Day
Closed**

**Sat 26 & Sun 27
April**

Mothers Day flower

**No bookings required for crafts -
PlayStation, Wii, iPads & 8-Ball Table available**

Public Holiday Mobile Garbage Bin Collection

Please note all Mobile Garbage Bins will be collected as normal during the Easter holiday period between Friday 18 and Monday 21 April 2025.

All Mobile Garbage Bins will also be collected as normal on ANZAC Day, Friday 25 April 2025.

Bins should be placed out the night before or prior to 6:00am on the day of collection.

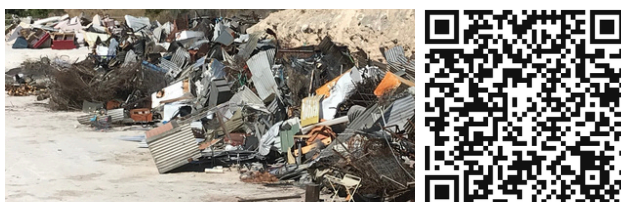

More information about Mobile Garbage Bin collections can be found on Council's website via the below QR code or at www.dcgrant.sa.gov.au/services/environment/waste-and-recycling.

Public Holiday Waste Transfer Station Opening

Waste Transfer Stations located at Carpenter Rocks, Donovans, Port MacDonnell and Tarpeena will open as usual during the Easter holiday period between Friday 18 and Monday 21 April 2025.

Opening hours can be found on Council's website via the below QR code or online at www.dcgrant.sa.gov.au/services/environment/waste-and-recycling.

Temporary Road Closures

Anzac Day - Friday 25 April 2025

Please note a section of Sea Parade, Port MacDonnell, between Standish Street and Bookey Street, and a section of Charles Street, Port MacDonnell, between Milstead Street and Sea Parade will be closed between 5:30am and 7:00am on Friday 25 April 2025.

The temporary amendment will allow for the Port MacDonnell Anzac Day Dawn Service to take place safely.

Generations in Jazz - Friday 2 to Sunday 4 May 2025

Please note Childs Road, OB Flat, from OB Flat Road to Glenelg River Road, and Clarke Road, OB Flat, from the intersection of Glenelg River Road, will be closed from 1:00pm Friday 2 May to 3:00pm Sunday 4 May 2025.

The temporary amendment will allow for the Generations in Jazz event to take place safely.

Fire Danger Season Reminder

The 2024-2025 Fire Danger Season is declared by the Country Fire Service (CFS) for the Lower South East between 1 November 2024 and 30 April 2025.

During the Fire Danger Season, restrictions are placed on lighting fires for the purpose of reducing the chances of large fires starting. These restrictions are escalated when a Total Fire Ban Day is declared.

More information about the Fire Danger Season can be found on the CFS website via the QR code or at www.cfs.sa.gov.au/warnings-restrictions.

Rates Instalment Reminder

A friendly reminder that fourth quarter rates instalments are due Friday 6 June 2025.

Please contact Council's Rates Officer on (08) 8721 0444 should you have any queries about your rates or require alternative payment arrangements.

More rating information can be found on Council's website via the QR code below or at www.dcgrant.sa.gov.au/services/rates-and-property.

Regional Plan Industry Briefing Session

The State Planning Commission invites you to the Limestone Coast & Murray Mallee Regional Plans – Industry Briefing Session, scheduled Tuesday, 8 April 2025 at 10:00am.

The briefing session will provide detailed information on both the Limestone Coast and Murray Mallee Regional Plans including content, the engagement process, and how you can provide feedback.

You can join the online briefing session via the below meeting reference:

Microsoft Teams
Meeting ID: 493 843 464 747
Passcode: 6to3w89D

The Plan has been released for a 12 week public consultation period, closing at 11:59pm on Tuesday 17 June 2025.

You can view the Plan on the Regional Planning Portal at regional.plan.sa.gov.au.

The State Planning Commission value the central role of stakeholders in shaping the Plan and hope you can attend the session.

The State Planning Commission encourage your active participation in the consultation process and look forward to your valuable feedback.

If you have any questions regarding the briefing session, please do not hesitate to contact PlanSA service desk on 1800 752 664 or via email PlanSA@sa.gov.au.

Abalone Fishing Closure

To protect South Australia's abalone stocks, the Department for Primary Industries and Region's has placed an initial 12-month closure on the take of abalone between the River Murray Mouth to the Victorian border has been implemented to support stock recovery.

These arrangements have resulted from the impact of Abalone Viral Ganglioneuritis (AVG) in the Southern Zone Abalone Fishery, which has seen losses of up to 96% in some parts of this area.

How can you help to stop the spread?

Water users in the Southern Zone are required to clean all fishing and marine equipment before use in other waters.

- Check: all marine equipment and remove anything including water, sand and seaweed.
- Clean: boats and marine equipment at home or at a commercial car wash.
- Dry: all marine equipment completely before heading out to the water again.

Play your part to protect our oceans and fishing industries.

Find up-to-date information on the Department for Primary Industries and Region's website via the QR code below or at pir.sa.gov.au/biosecurity/aquatics/aquatic_diseases/abalone_viral_ganglioneuritis.

Portable toilet at the Little Blue Lake

An accessible portable toilet has been installed at the Little Blue Lake carpark for public use since December 2024.

At the District Council of Grant's last ordinary Council Meeting on Monday 17 March 2025, Council approved for further use of the accessible portable toilet at the Little Blue Lake carpark until the end of the South Australian April 2025 school holidays.

Support for Donovans Easter Markets

It was noted at the last Ordinary Council Meeting held on Monday 17 March 2025, that the organisers of the Donovans Easter Sunday Market requested use of the Little Blue Lake portable toilet at their event.

To allow continued public use of the accessible portable toilet at the Little Blue Lake over the upcoming Easter and school holiday periods, Council will instead donate \$1,500 to support toilet hire costs for the Donovans Easter Sunday Market on 20 April 2025.

4 ways to help Australian elections remain safe and fair!

Australians will vote at a Federal election on 3 May 2025.

Every Australian has the right to vote for the candidate or party of their choice.

Around the world we have seen increasing interference in democratic countries' elections. Your vote is important, help us protect our elections' integrity in 4 easy steps.

1. Enrol to vote

Australian citizens over the age of 18 must enrol and vote in Federal elections.

Information about enrolling for the first time or updating your enrolment can be found on the Australian Electoral Commission Website at www.aec.gov.au.

You do not need to wait for the federal election to be called to enrol or update your enrolment details. Once the Federal election is called, there will only be limited time for you to do this.

Failure to enrol or vote in elections may result in a fine.

2. Beware of false information

During an election, there may be people or groups trying to influence the way you vote. This can include family, friends, social media content and commentators.

Your vote is your choice. No one else gets to decide it for you.

The Australian Electoral Commission's Stop and Consider campaign encourages voters to think critically about information that may be false or misleading, or that tries to undermine trust in Australian electoral processes.

The Stop and Consider campaign can be found online at www.aec.gov.au/Elections/electoral-advertising/stopandconsider.htm.

3. Get the right information

The Australian Electoral Commission website has information on how to vote and even has a tool where you can practice filling in a ballot paper: www.aec.gov.au/Voting/How to Vote/.

They also have resources about how to vote in a number of languages (including the Stop and Consider campaign). These resources can be accessed via the below QR code.

Translated and accessible information

Practice voting - translated

4. Report suspicious behaviour

It is illegal to threaten, pressure or bribe someone to vote in a particular way. If you are being pressured, threatened or bribed to vote in a particular way, you should contact the National Security Hotline on 1800 1234 00 or hotline@nationalecurity.gov.au. Reporting can be anonymous to respect your security and privacy.

How Australia ensures our elections are safe and fair:

The Australian electoral process has many features that help protect the voting process and election result.

All voting in Australian elections is done by secret ballot. A secret ballot is a voting method where only you know who you voted for.

You can read more about the history of the secret ballot on the Museum of Australian Democracy website:

moadoph.gov.au/explore/democracy/what-is-the-secret-ballot

External Funding Opportunities

Qantas Regional Grants Program

The Qantas Regional Grants Program is now open.

Qantas is inviting regional community groups across Australia to apply for funding through this initiative.

Now in its fourth year, the program offers \$2 million in funding to support nonprofit organisations and projects that benefit regional communities. There is no maximum or minimum allocation.

Examples of eligible applicants:

- A teacher applying for funds to create a playground at the local school
- A sporting club looking for flight funding to support a domestic trip to a competitive competition
- An event organiser applying to promote their event to a broader audience in collaboration with Qantas
- A charity looking to expand their program into regional areas (eg. breast cancer trucks visiting regional towns)

Successful applicants will be announced in July 2025.

Eligible groups are encouraged to apply via the online Qantas Regional Grants Application Form linked via the QR code below.

Applications close Saturday 10 May 2025.

Find out more on the Qantas website at www.qantas.com/au/en/about-us/our-company/in-the-community/qantas-regional-grants.html or via the QR code below.

Elders Community Giving Project

The Project supports initiatives that provide sustainable, tangible and long-term benefits with positive outcomes for Australian rural, regional and remote communities. In turn this builds capacity, longevity, liveability and connection in the regions in which we operate.

Based on six distinct pillars, the project offers a total of 12 grants, with two tiers of funding at \$10,000 and \$20,000 per grant.

Each application must align to one of the following pillars.

1. People and regions
2. Environmental awareness
3. Innovation into the future
4. Healthy bodies and minds
5. Encouraging diversity
6. Safety first

In addition to the six pillars above, there will be two People's Choice grants, for a maximum of \$10,000 each. This open criteria grant will be voted for by Elders employees.

Successful applicants will be announced in late July 2025.

Applications close 5:00pm Thursday 15 May 2025.

Find out more on Elders' website at elders.com.au/about-us/for-your-community/community-giving-project/ or via the QR code below.

Community Grants Scheme 2025

The District Council of Grant is pleased to re-launch the Community Grants Scheme and provides this document detailing a summary of key information.

The Community Grants Scheme is for community groups to develop projects and events that enhance community wellbeing and increase participation in social and leisure activities.

Who can apply:

Incorporated not-for-profit organisations based in or servicing the District Council of Grant who do not collect substantial income from other sources.

Required documentation:

- 2025 Application Form detailing a project or event which responds to a community need and contributes to building a stronger community;
- Evidence of Public Liability Insurance (or capacity to purchase appropriate coverage); and
- Copy of quotations supporting project or event costs and in-kind support (if applicable).

Project Ideas:

facility upgrades | general maintenance
club development | purchase of equipment
painting | implementation of a program
community event | safety / security upgrades
purchase and installation of water tanks

Coastal Adaptation Strategy Community Workshops

The District Council of Grant are developing a Coastal Adaptation Strategy to protect our communities from coastal hazards into the future.

Attend an upcoming workshop to find out more about these hazards from Council's coastal management expert and provide your input on adaptation options for implementation.

Tuesday 4 March 2025 | 6:00pm to 8:00pm
Port MacDonnell Community Complex
5-7 Charles Street, Port MacDonnell

Wednesday 5 March 2025 | 6:00pm to 8:00pm
Carpenter Rocks Hall
26-44 Carpenter Rocks Road, Carpenter Rocks

Attend a workshop later in the year when the Draft Coastal Adaptation Strategy has been created.

Wednesday 7 May 2025 | 4:00pm to 5:00pm
Donovans Community Hall
10 Adams Street, Donovans

Wednesday 7 May 2025 | 6:00pm to 8:00pm
Port MacDonnell Community Complex
5-7 Charles Street, Port MacDonnell

Thursday 8 May 2025 | 6:00pm to 8:00pm
Carpenter Rocks Hall
26-44 Carpenter Rocks Road, Carpenter Rocks

Coastal Adaptation Strategy fact sheets are available online at yoursaydcg.com.au. Hard copies are also available at the Principal Office (324 Commercial Street West, Mount Gambier) and Port MacDonnell Community Complex (5-7 Charles Street, Port MacDonnell).
